WHAT YOU GET

One partnership. Three core placements.

CamgirlPal keeps the offer straightforward. Partners pay a monthly fee for an integrated advertising package rather than buying disconnected placements one at a time.

1. Display Banner Ad

Your creative is displayed in CamgirlPal's integrated advertising inventory across the website.

2. Partners Page Listing

Your brand is listed as an official CamgirlPal partner with a direct link to your website.

3. Sponsored / Editorial Article

CamgirlPal publishes an article about your brand, website, product or offer with a direct backlink to the sponsor.

Monthly sponsorship model

The partnership is sold as a monthly advertising fee. While active, the sponsor receives the agreed advertising visibility and partner benefits for that billing period.

DISPLAY AD INVENTORY

Nine integrated advertising positions.

The ad units are designed to feel native to CamgirlPal's dark interface rather than using invasive pop-ups or oversized takeover banners.

Inventory	Placement	Format
AD1 - AD4	Below the global navigation	Responsive banner cards
AD5 - AD8	Above the global footer	Responsive banner cards
AD9	Sidebar / navigation area	Compact premium banner card

Standard creative

The current horizontal units use an 840 x 400 aspect ratio. On desktop, four ads sit cleanly across the page; on mobile they reflow into a compact 2 x 2 layout. AD9 uses the same visual treatment in the sidebar.

Clear sponsorship disclosure

Display placements are visibly marked as advertising/sponsored while remaining consistent with the CamgirlPal design.

PARTNER LISTING + ARTICLE

Give the sponsor more than an impression.

The partnership combines display visibility with permanent brand context on CamgirlPal's partner and editorial surfaces.

Official partner listing

The sponsor appears on the CamgirlPal Partners page as an official partner. The listing can identify the brand and provide a direct outbound link to the sponsor's website.

Dedicated article

CamgirlPal can publish an article introducing, reviewing or discussing the sponsor and its offer. The article includes a direct backlink to the sponsor so readers can continue to the advertised website.

Integrated promotion

The banner ad, partner listing and article work together: the banner creates repeated visibility, the listing establishes the relationship, and the article gives interested visitors more information before clicking through.

WHO WE ACCEPT

Sponsor categories.

CamgirlPal is open to advertising relationships across the following categories, subject to review and fit with the brand.

Adult niche

Adult websites, creator platforms, services and other adult-industry brands.

Crypto niche

Cryptocurrency products, platforms, services and related brands.

Gambling niche

Gambling, betting, gaming and related advertisers.

Other

Other brands that make sense for the CamgirlPal audience and partnership model.

PARTNERSHIP NOTES

All sponsors and creatives are subject to CamgirlPal approval. Exact placement availability, campaign timing, article scope and monthly fee are agreed directly with the sponsor before activation.
